

United States Census 2010

از ماست که برماست

Join NDA and all Iranians living in the US and take the Census survey in 2010!

It is a critical part of our rights as American citizens and residents that we partake in this once every 10 years survey. The representation of Iranians in the US has not been accurately measured. As such, our voice is not heard as loudly as it could or should. This is our chance to let our voice and culture be known in the US!

Don't miss this once every 10 years chance on April 1, 2010!

The next survey will be in 2020!!!

The survey is very simple, and easy to

take and completely anonymous. Please make sure when you reach the section regarding national identity and ethnicity that you mark your survey as "Iranian" or "Persian"

welfare and immigration agencies.

We all benefit financially:

The data collected will determine how more than 400 Billion dollars in federal funds is distributed to local governments. Undercounting even 1,000 people can cost your country, city, town millions of dollars!

It can help you during a disaster:

The higher our census numbers, the more federal and state assistance we will qualify to receive in a disaster.

It provides a count of Iranians in the US:

An accurate count will help provide for the specific political as well as civic needs of all Iranians in the US.

It's convenient:

If you return your census by April 1, 2010, a US Census Bureau employee will not need to visit your home.

It's the law:

All people living in the US for at least six months out of each year, are required by law to complete and return their census forms.

It's important:

Census data is used to establish state legislative districts and determine the number of seats in the US House of Representatives.

It's confidential:

By law, the US census Bureau cannot share your responses with anyone. Including
